

# XR3Player Manual - Tutorial

## Console Window

### 1.XPlayer controls :

→ **player {number} { play | stop | resume | pause | replay | mute | unmute | open }**

example 1: **player 0 play** (resumes if paused or restarts if stopped )

example 2: **player 2 open** (choose a File for **Player** 2 to play)

example 3: **player 2 mute** (mute the **Player 2**)

→ **player {number} { seek | seekto } { (+ | -) number } { s (seconds) | m(minutes) | h(hours) }**

example 1: **player 0 seek 5 s** (skips **5** seconds forward the player)

example 2: **player 0 seek -5 m** (skips **5** minutes backward the player)

example 3: **player 0 seekto 5 m** (the player goes at **5:00** minutes)

example 4: **player 0 seekto 54 m** (the player goes at **54:00** minutes)

example 5: **player 0 seekto 55 s** (the player goes at **00:55** seconds)

\*The | symbol means OR ( You can choose this option or the other)

\*Spaces between commands doesn't matter ;)
